FRANKLIN'S SPLENDID MEETING.

Many Accessions to the Churches and
Substantial Aid for Texas Woman's College.

Dr. George B. Butler came in from Franklin yesterday morning and returned to that place yesterday afternoon. Dr. Butler reports splendid results from the revival meeting he is conducting there. Up to the time he left there had been forty or fifty conversions as a result of the meeting, thirty-nine addition to the Baptist church and a number to other churches. Dr. Butler says the meeting is one of the best it has ever been his pleasure to participate in.

In addition some splendid work has also been accomplished by Dr. Butler for the Texas Woman's College. A cash subscription of \$125 has been raised and will be increased to five hundred dollars or more before Dr. Butler concludes his present field work in that section. Dr. Butler has very wisely adopted in his field work the plan of remaining in one locality until the claims and advantages of his school are carefully presented and thoroughly understood, and the good results of this policy are already apparent. The entire territory contiguous to Bryan will be canvassed in this way. Dr. Butler has secured five pupils for the next session of the college.

The revival meeting will close tonight, and Dr. Butler will actively continue his field work in Robertson county during the remainder of the month.

CAPT. FERG KYLE.

Mr. J. Allen Myers received a telegram last night announcing the death of Capt. Ferg Kyle at his home at Kyle, Texas, yesterday evening at 7 o'clock. Capt. Kyle was 75 years old, a pioneer Texan, a gallant ex-Confederate, a member of the legislature and one of the most honorable, upright and highly esteemed men of the state. His son, Prof. E. J. Kyle of College, and other members of the family have the deep sympathy of all in their bereavement.

OATS.

We offer to the trade at 34c per bushel delivered at your house, oats guaranteed to be same quality as are being offered from car by other parties. We also offer good sound oats at 45c per bushel, and guarantee the 45c oats to be worth 15c per bushel more than the cheap oats for feeding purposes. Phone 376.

141 Wilson Grain & Coal Co.

Sealed Bids.

Bids Wanted—Sealed bids will be received up to 8 p. m., Monday, June 4, 1906, for the construction of M. E. church, South, Bryan, Texas. All bids must be accompanied by certified check for \$500. Bond will be required. Right reserved to reject any or all bids. Plans and specifications can be seen at office of secretary.

A. M. Waldrop, Secretary.

ADDITIONAL LOCALS.

Ollie Seale of Willow was here yesterday.

J. B. Dunn of Wheelock was in the city yesterday.

Mrs. Fred Simonds and little son of Austin arrive today on a visit.

For ladies' patent leather and canvas pumps see Mrs. Mary Lawrence.

Jas. Cooper and A. B. McSwain were visitors from Rock Prairie yesterday.

Mrs. E. Altenberger of Houston is the guest of Mr. and Mrs. L. B. Mendola.

Mrs. S. P. Hart and brother, Noah Walker, are visiting relatives in Galveston.

Mr. and Mrs. H. M. Muse returned to Palestine yesterday after a visit to relatives.

Weather forecast, social and other interesting matter will be found on extra pages.

Mrs. J. F. Hailey arrived yesterday from Summit, Miss., to join Rev. Hailey.

Col. John D. Rogers of Galveston was in the city yesterday, the guest of E. S. Wickes.

See Wilson Grain & Coal Co's. ad elsewhere in this issue, and phone 376 your orders for oats.

Ed Talley has just received a new rubber tire carriage. Headquarters on Exchange block, phone 248.

Mrs. E. J. Kyle left for Kyle, Texas, yesterday on account of the continued illness of Prof. Kyle's father.

Marriage licences have been issued to Fritz Wager and Miss Ella Plagens, Henry Scott and Lucy Avery.

J. D. George of Macy was in the city yesterday. Mr. George makes a favorable crop report from that section.

L. R. Bice, W. C. Free and W. R. Nash and son called on the Eagle yesterday. Mr. Nash resides at Willow Hole.

Caldwell is agent for the best cleaning preparation on earth. Try it on your white shoes, silver, glass, gold, etc.

E. J. Brooks, a brother of Mrs. O. J. Moseley, returned to Palestine yesterday after a visit to Mr. and Mrs. Moseley.

Mrs. Eliza J. Randolph, grand matron of the Order of the Eastern Star of Texas, will visit Bryan chapter Thursday, May 24.

Mr. and Mrs. D. M. Dansby are visiting at Wooten Wells, where they have joined relatives from one of the older states.

Mr. and Mrs. F. M. Collins of Hempstead are visiting in the county, the guests of Mr. and Mrs. Jim Parker and other relatives.

Mrs. Josie Barnhart and children of Batson are here on a visit to relatives, Mr. and Mrs. L. A. Bice, and will spend several days.

Miss Wilson's class recital is announced at Carnegie hall Friday evening at 8:15 o'clock. All are invited. No charge for admission.

Oats 36 Cents.—An offering corn at 63 cents and oats at 36 cents at car. C. T. Morse, Agent—The New Grain Man, at Brick warehouse. 142

Mr. E. H. Edge will change the heavy iron front of the Wilson & Edge store to a plate glass front with lock corners, greatly improving the show windows.

Another shipment of the \$8.00 Panama hats just received at Hunter & Chatham's, and will be included in the removal sale at \$6.00 each. You pay \$10 for the same grade at other stores. Come see for yourself and get your size while you can. 41

OBSTACLE APPEARS.

Assembly Declares That Amendments Are of No Effect.

Des Moines, May 19.—The feature of Friday's session of the general assembly was the unexpected appearance of an obstacle to the union with the Cumberland Presbyterians. A request was received from the Cumberland assembly at Decatur, Ill., that the Des Moines assembly interpret its action on certain amendments to the agreement of union so as to upset the pleas made by the minority of the Cumberland church, which has instituted suit for an injunction against the union.

The assembly here, by a large majority, declared that the amendments have not been reported to the assembly, or declared a part of the constitution of the church, and are null and void. If the court takes the Des Moines assembly's views, the grounds for the injunction are removed.

The platform of the auditorium, where the Presbyterian general assembly is holding its meeting, collapsed with over 1,000 Presbyterians Friday afternoon. They were being photographed at the time. Half a dozen members were injured.

OFFICERS ELECTED.

Ladies' Auxiliary of Brotherhood Selects Its Heads.

Memphis, May 19.—Ladies' auxiliary of the Brotherhood of Locomotive Engineers elected the following officers:

Grand President—Mrs. A. W. Muddock, Chicago.

Grand Vice President—Mrs. E. M. Cassell, Columbus, O.

Grand Secretary—Mrs. Harry St. Clair, Logansport, Ind.

Grand Treasurer—Mrs. J. B. Bailey, Buffalo, N. Y.

Grand Chaplain—Mrs. T. S. Bowley, San Francisco.

Grand Guide—Mrs. W. H. Wright, Memphis, Tenn.

Grand Sentinel—Mrs. Carrie B. Downs, Parsons, Kan.

SEEK ISLANDS.

Arctic Explorer Will Endeavor to Discover Some New Ones.

Victoria, B. C., May 19.—Captain Mikkelsen, the Arctic explorer, who leaves for the Arctic regions in search of undiscovered islands, has made arrangements last night for the expedition. An agreement was made with Dr. McLaren of Glasgow, to proceed north when the schooner Duchess of Baxford returns in 1907 after Messrs. Mikkelsen and Leffingwell have started over the ice to the northwest with 140 day's provisions in search of islands they hope to find.

LANDRITH ELECTED.

Unionists Secure the Moderator by an Overwhelming Majority.

Decatur, Ill., May 19.—A. N. Eshman of Mississippi was nominated by the anti-unionists as moderator, but Dr. Ira Landrith of Nashville, Tenn., was elected by a large majority. Several reports were presented.

Judge Gant of Nashville began his argument on behalf of the unionists before Judge Jones. The question argued in court related to the constitutionality of the steps already taken.

COLE HARDWARE CO

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARNES & WALLACE.

ANNOUNCEMENTS

The Eagle is authorized to announce the following candidates for the district, county and precinct offices respectively indicated, subject to the action of the democratic primaries:

For Congress—6th District
T. S. HENDERSON
Of Cameron, Milam County

For Congress—6th District
RUFUS HARDY
Of Corsicana, Navarro County

For Congress—6th District
RICHARD MAYS
Of Corsicana, Navarro County

For District Attorney—20th District
J. M. RALSTON (Re-Election)
Of Cameron, Milam County

For Representative—45th District
J. L. FOUNTAIN (Re-election)

For County Attorney
J. G. MINKERT
LAMAR BETHEA

BRYAN, TEXAS, MAY 20, 1906.

Crocket is reveling in the proceeds of a 100,000 bushels potato crop.

State Health Officer Tabor is in New Orleans by special invitation to address the Progressive League of that city on quarantine matters.

The agreement between the city council and the water and light company for some material improvements in the equipment and service is very gratifying, and gives promise of disposing of the long controversy on this subject.

Senator Bailey characterizes the rate bill finally passed by the senate as a mild law, but says it had best be obeyed or one with teeth in it will be passed. From the way Senator Bailey has been handling the king's English in the senate lately there is no doubt that he would be able to furnish both teeth and toe nails.

FOR COUNTY ATTORNEY.

In the Eagle this morning will be found the announcement of Mr. Lamar Bethea as a candidate for county attorney of Brazos county.

FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

NOTE.—My "Crop Weather" forecasts for 1906 are now complete, are of unusual interest, are the best I have ever made and a sample of them will be mailed to anyone on receipt of a two-cent stamp. Address W. T. FOSTER, Washington, D. C., Box XI.

Washington D. C. May 19.—Last bulletin gave forecasts of disturbances to cross continent 17 to 21, warm wave 16 to 20, cool wave 19 to 23. Next disturbance will reach Pacific coast about 30, cross west of Rockies country by close of 21, great central valleys 22 to 24, eastern states 25. Warm wave will cross west of Rockies about 20, great central valleys 22, eastern states 24. Cool wave will cross west of Rockies about 23, great central valleys 25, eastern states 27.

This will be the most severe disturbance of May and dangerous storms may be expected during its movements eastward across the continent. It will close the hottest and driest period of May, and will be followed by increasing rainfall. The closing day of May will be favorable to the corn crop, except that weather will be a little too cool.

The last disturbance of May will reach Pacific coast about 25, cross west of Rockies by close of 26, great central valleys 27 to 29, eastern states 30. Warm wave will cross west of Rockies county about 25, great central valleys 27, eastern states 29. Cool wave will cross west of Rockies county about 28, great central valleys 30, eastern states June 1.

This disturbance will be most severe on the Pacific coast and will grow less fierce as it passes eastward, but rain-fall will increase over the previous week. Low temperatures will follow it.

I expect a drouth to begin in June that will be of increasing interest to corn growers and dealers. It will also have some effect on oats and grass. I will give some of the particulars of that drouth in my next bulletin. My June weather chart definitely locates that drouth and is therefore of unusual interest. It will be mailed to any subscriber of this paper on receipt of a two cent stamp. These monthly weather charts constitute the bases of all my weekly weather bulletins.

Crop-weather of June, July and August will be of greater importance than any that has occurred since 1901 and therefore these forecasts will attract more than the usual interest of those who are interested in the cereals.

SCIENCE NOTES.

I believe it possible to correctly forecast earth quakes, and if we had good records of these dreadful convulsions covering 100 years past the earthquake problem could be worked out. Congress is being asked to appropriate a small sum for the purpose of gathering information about the San Francisco earthquake. Better make the appropriation \$100,000 and require a complete record to be made of these disturbances that have occurred on this continent, on the Isthmus of Panama and on the islands of the Caribbean and Mexican seas. Such a record would reveal the cause of these terrestrial shakes and the money would be well expended.

subject to the democratic primaries. Mr. Bethea has been a resident of Brazos county six years. All his interests are here and he is thoroughly identified with the people of the county, to whom he is no stranger, his career in the practice of his profession in the courts having been active and successful. Mr. Bethea is a graduate of the law department of the State University, having received the degree of Bachelor of Laws in 1898 and of Master of Laws in 1899. He is capable, experienced and thoroughly qualified to discharge the duties of the office, and says if honored by the people of Brazos county he will discharge his duties without fear or favor according to the letter of the law. The Eagle takes pleasure in submitting his name to the voters.

CITY ORDINANCE.

An Ordinance Regulating the Operation and running of automobiles, Motor Cars, Etc.

Be it ordained by the City Council of the City of Bryan, Texas:

SECTION 1. That it shall be and is hereby made the duty of any person operating any automobile, motor car or other vehicle propelled by artificial means within said city to stop the same upon meeting with any person driving a team when it appears from the conduct or action of such team that it is likely to become frightened at such automobile, motor car, etc., and to remain stopped until such team passes.

SEC. 2. That it shall be unlawful for any person to run or operate any automobile, motor car or other vehicle propelled by artificial means upon any of the streets within the corporate limits of the City of Bryan at a greater rate of speed than eight miles per hour.

SEC. 3. That any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than ten dollars and not more than one hundred dollars.

Attest: J. E. BUTLER, Mayor
J. W. BATES, Secretary pro tem.

Bryan, Texas, May 11, 1906. 145

Insists That Policyholders in Louisiana Must Be Protected.

Baton Rouge, May 18.—Governor Blanchard sent a lengthy message to the legislature Thursday dwelling upon the life insurance exposures in New York, showing the number of policies in each of the big companies held in Louisiana and their aggregate value, and urging legislation to protect all Louisiana policyholders.

The governor says in his message that the state does not need Federal interference, and that there is no warrant in the Federal constitution for it.

SOCIAL and Club Matters

The K. K. Club gave a delightful dance at College last night, anticipating commencement gaieties. A merry crowd of young people thoroughly enjoyed the evening.

The social event of the week was the charming party given Friday evening by Miss Jessie Garth, the popular sponsor of the company, to the officers and members of the Ross Volunteers, at the handsome new home of her mother, Mrs. F. I. Garth. This residence, recently completed and occupied by the family, is one of the notably beautiful homes of Bryan, admirably adapted to entertaining, and its loveliness was enhanced by the tasteful disposition of cut flowers and pot plants throughout the rooms and on the verandas. Miss Garth welcomed the guests, assisted by her mother, her sister, Miss Cora Garth, Miss McInnis, Miss Louise Harris and the officers of the company, Messrs. Arnold, Dean, Burney, Moore, Gilbert and Wortham. The other young ladies present received in the parlor. The cadets were wearing their spotless white uniforms, and the young ladies were beautifully gowned according to the dictates of fashion. Programs for twelve dances were provided and music was supplied by Konecny's orchestra. Punch afforded a delicious beverage for the merry dancers, and cream and cake were served during intermission. Ninety were present to enjoy the hospitality of the fair young hostess.

T. W. C. NOTES.

The G. B. B. Society met in regular session on Thursday afternoon. Roll call was answered by quotations from Longfellow, that author now being studied. After the minutes were read, and the business transacted, the following program was carried out in an able manner: Recitation.....Miss Ray Wiley Music.....Miss Villa McCullough Reading.....Miss Bessie Buchanan Discussion of "The Courtship of Miles Standish," parts I, II, III, by all members of the society. The discussion was bright and spirited, showing that something worth while is being accomplished by the pupils in their endeavor to prove themselves worthy of the name they bear.

The Missin Band held their regular meeting Friday afternoon. After song and prayer, roll call was answered by Bible quotations. The program for the day was as follows: Bible Reading.....Miss Helen Brown Piano Solo.....Miss Mae Wilson Paper—"Why We Are Interested in Missions".....Miss Laura Dunlap After a song and prayer the Band adjourned to meet next Friday, when officers for next year will be elected.

Mrs. J. S. Mooring and Mrs. W. S. Wilson gave a tea at the Exchange hotel Thursday afternoon for the benefit of St. Andrew's Episcopal church. The ladies made the occasion exceedingly pleasant socially for the large number of callers. An Italian harpist supplied music throughout the receiving hours, and most tempting refreshments were served. The pleasant affair was also highly successful financially, eighteen dollars being realized.

A Juvenile Missionary Society tea given Friday evening at the Methodist parsonage attracted a large crowd of children and grown people who were hospitably entertained by the pastor and his family. Cream and cake were served, and a nice sum was realized for the missionary fund.

BASEBALL BENEFIT.

Mr. B. H. Knowles requests the Eagle to announce that there will be a fire department and cemetery benefit baseball game played at the Allen Academy grounds in this city Tuesday, May 29. J. W. Hamilton is manager for the team to play for the firemen's benefit and Mr. Knowles of the team to play for the benefit of the cemetery.

The winning team gets 60 per cent and the other 40 per cent of the receipts, the amounts to be applied as above indicated. The teams are as follows, including substitutes: Firemen's Benefit—L. Hamilton, Parker, Trice, Edwards, Howard, Hearn, Hawes, Gordon, Ettie, Collins, Mawhinney. Cemetery Benefit—Deware, Neathery, Sims, Wetter, C. Boyett, Dodson, Stevens, Buchanan, Cole, Ward, Tabor.

An Exception.

"Which is the first and most important sacrament?" asked a Sunday school teacher of a girl preparing for confirmation. "Marriage," was the prompt response. "No, baptism is the first and most important sacrament," the teacher corrected. "Not in our family," said the pupil haughtily. "We are respectable."

BIG BRICK PLANT PROMISED

Mr. John Vick Working to Establish the Enterprise—Opinion of Chicago Experts.

The field has been open for a first-class brick plant in Bryan for a number of years, and the recent activity that Bryan and its territory is awakening to in the line of substantial buildings makes the opportunity and demand for an enterprise of this kind all the greater. The many thousands of dollars that pour out of Bryan every year is within itself enough to sustain a large plant, saying nothing of the outside territory that is available for competition.

Every brick plant in Texas is making a success, and the high price of their stock goes to prove that the people who are interested think it a good thing and a money making business. The demand for brick is growing greater every year. The general move for substantial buildings and the high price of lumber go to prove that the demand will continue to increase.

Bryan has a large and inexhaustible supply of clay that turns out a brick as fine as the famous St. Louis pressed brick for which we pay \$25 per thousand. Mr. John Vick has received four sample bricks made from this material by the Chicago laboratories of the Chisholm, Boyd & White Co., and they are considered by everyone to be as fine brick as ever brought to Bryan.

The Chicago company writes: "Your material is of a superior quality and especially adapted to the manufacture of a very high grade pressed facing brick and a common building brick. The color is all that be desired. They have a good, smooth surface, and are hard and solid and fit for all building purposes. They speak for themselves and require no further comment."

The market price of this brick is from \$18 to \$20 per thousand, and with a plant of 20,000 capacity per day, one can readily see how much money can be kept at home. Besides this Bryan is centrally located and has a territory from Waco on the north to Houston on the south to compete in, and we can make brick as cheap here as elsewhere and have a material here that will make a brick that will compare with any imported brick in or out the state.

The cost of equipping a first-class plant of 20,000 capacity is about reasonable. It would be of pressed brick with modern kilns. The interest manifested by a number of citizens goes to show that they are not asleep to the rare opportunity of an investment in a business like this, for the brick business is no experiment.

Mr. Vick deserves great credit for his enterprising move, and has enlisted a number of local capitalists to an extent that seems to insure the success of the plan, though organization has not been effected.

The Eagle welcomes the prospect of this new and important manufacturing plant as something which will be of great value to Bryan.

ITALIAN BOY WANTED.

Joe Saladiner and Phillip Chirichirello called at the Eagle office yesterday and reported that Henry Chirichirello, son of Phillip Chirichirello, left home about three weeks ago and has not been located since. The boy is about 17 years old and has the first joint on the index finger of the right hand off. The father is anxious to find the boy and will pay \$15.00 reward for information and return of the boy. Address, Phillip Chirichirello, Bryan, Texas.

H. & T. C. EXCURSIONS.

The H. & T. C. will sell excursion tickets as follows:

Dallas, account Elks' Reunion; sell May 20, 21 and 22, limit 23; rate \$5.95.

Austin, account Funeral Directors' Association, sell May 27 and morning of 28; limit May 31.

Louisville, Ky., sell June 11, 12 and 13.

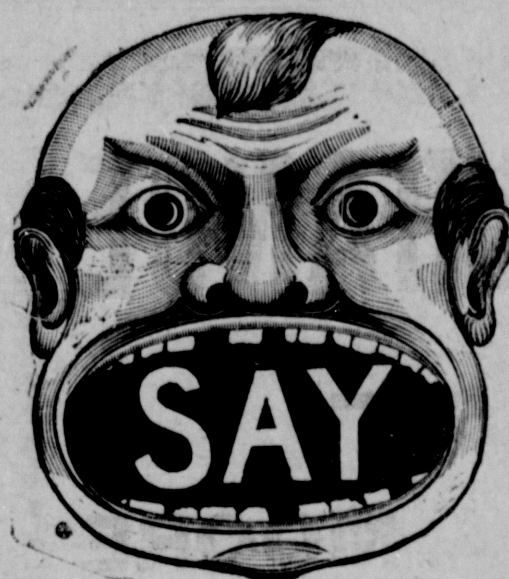

Grandbury, sell May 20 and 21.

At a meeting of the board of directors of the City National Bank held yesterday afternoon, Mr. Ed Hall tendered his resignation as president of the bank to take effect August 1, after which time he proposes to engage in other business. It was with much regret that the board accepted Mr. Hall's resignation, as the bank has built up a most prosperous business and shows a most substantial condition under his administration. He will remain at the head of the bank until August 1, upon which date his resignation takes effect. Mr. Hall will retain his interest in the bank, and will remain as a director.

A good sized chicken snake was found in a clock regularly used at the home of Mr. and Mrs. Samuel Levy yesterday morning. The clock sat on the mantel and got so it would not run. It was brought down to the Levy store and on examination revealed the snake snugly coiled on top of the works inside the case and very much alive. How it got there is a mystery. The snake was transferred to a glass jar and placed on exhibition.

Messrs. J. H. Hartzog, manager, and O. R. Smith, operator, will open an exchange here next Tuesday over the drug store of Dr. A. B. Ketchum. Private wire communications will be maintained and reports of daily market in cotton, grain and futures will be taken direct from the New York and New Orleans exchanges, making the service absolutely complete in every particular.—Navasota Examiner.

Come in and hear the best talking machine in the world. Will sell them on the installment plan or any way to suit purchasers at \$10, \$20 and \$30. Standard size records for Edison machine at the small sum of 35c each. Call in and hear this machine, you are always welcome.

PROTECT YOUR VITALITY

E. J. Jenkins' Sensible Advice to Take Care of the Digestion.

The vital part of the human machine is the stomach. When it is strong and acts naturally, so that digestion is perfect and the food that furnishes our steam power is stimulated, and the waste properly removed, then we can do our best work and get the most enjoyment out of life.

On the other hand, if the stomach gives out, all the vital organs will soon become weakened and diseased. There will be headaches, backaches, pains in the sides and limbs, specks before the eyes, loss of appetite, sleeplessness, weakness and debility.

E. J. Jenkins sensibly advises people to take care of the digestion by strengthening the stomach with Mito-na tablets, a remedy which he absolutely guarantees as a positive cure for all stomach troubles, except cancer of the stomach, and sells it with the understanding that it costs nothing unless it cures.

Ask E. J. Jenkins to show you the guarantee he gives with every 50 cent box of Mito-na.

Mrs. Geraldine Kelley and Miss Geraldine Kelly arrived yesterday from Marlin, where the former has been visiting and the latter attending school.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING WICKS, Penn Yan, N. Y.
I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

SUFFRAGE DEMANDED
Four Hundred Women Call Upon British Premier.
INSISTED IT BE GIVEN
Sir Campbell-Bannerman Assured His Visitors He Agreed With Them, but Government Was Not Prepared to Comply.

London, May 19.—Escorted by forty members of parliament, nearly 400 women suffragists, representing organizations from all parts of the country to interview Premier Campbell-Bannerman at the foreign office, Saturday presented their claims that women be allowed to vote. Only eight members of the numerous deputations were allowed to speak, and in accordance with previous arrangement each speaker was limited to five minutes, but in the aggregate of forty minutes the premier heard much about female suffrage.

The immediate grant of woman's rights was the unanimous demand of the speakers, some of whom presented to the premier their "minimum demands," claiming that immediate legislation bestowing on women the right to vote was necessary, and declaring that a promise to take the matter up at the next session of parliament would not satisfy them.

One speaker menacingly declared that women were prepared to sacrifice their lives in behalf of their demands.

The premier smiled upon this strangely asserted gathering of women, including, as it did, ladies of title, side by side with factory employees, and said he sympathized with the object of deputation, but asked the visitors to be patient until the government became united in favor of the extension of the franchise to women.

The cause, he added, had made enormous strides of late years. Personally he believed women were as well qualified as men, and perhaps better, to exercise the right to vote, and, in his opinion, the deputation had made a most conclusive and irrefutable case.

Speaking for others, however, as well as himself, the premier pointed out that it was necessary to preach the virtue of patience. Only harm would result if, because of his own sympathies and convictions, he gave a pledge regarding the time and method of achieving the object they had in view.

No party or government entirely united on this subject. He warned the women against indiscreet action, which he said would probably check the flowing tide, and advised them to leave the matter confidently to the growing strength of their cause.

The premier wound up his remarks by saying he believed it would not be many years before the desired change would be brought about.

This reference of many years was met with hisses from the deputation, who left the foreign office evidently greatly dissatisfied.

BILL FINALLY ALLOWED.

Nine Congresses Have Made Favorable Report For Contestant.

Washington, May 19.—Reminiscent of the stressful days of the Forty-seventh congress were the scenes in and about the house Friday. Hardly had the journal been approved, when the Democrats, under the leadership of Mr. Williams, began the first real filibustering in that body in a number of years, their object being to defeat the bill paying the estate of Samuel Lee of South Carolina \$10,482 for allowances made by reason of the rejection of Lee, a negro contestant, for a seat in the Forty-seventh congress.

This bill has been reported favorably at nine congresses—six times by Republicans and three times by Democrats.

The certificate of election, which Lee contested, was, given to John S. Richardson. The committee on elections reported in favor of Lee. A vote was taken on the resolution to give him the seat held by Richardson, 124 voting in favor of the resolution, 114 against. Lee's contest progressed no further. The Democrats began a noted filibuster, and the Forty-seventh congress decided by operation of law without a quorum being present.

Friday a filibuster followed about similar lines. Mr. Williams resorting to the well known parliamentary tactics to encompass the defeat of the measure. There were numberless roll calls and still more divisions demanded and taken, but the bill was finally passed.

BLOWN TO PIECES.

Two Terrible Explosions Caused Great Damage to Property.

Racine, Wis., May 19.—Two terrific explosions, which shook buildings throughout the city as far north as the city hall, occurred Saturday and hundreds of persons leaped from their beds, believing there had been an earthquake. Later it was ascertained that the shocks were caused by explosions at the Rand-Laffin powder mills, located at Pleasant Prairie, Kenosha county. Messages from that place state that place and press rooms and Corning mill were blown to pieces, involving a loss of perhaps \$25,000. There was no loss of life.

Outpointed Joe Gans.

New York, May 19.—Willie Lewis, a welter weight pugilist, who developed on the east side of this city, met and outpointed Joe Gans of Baltimore in a six-round bout in Madison Square Garden concert hall Friday night.

Negro Methodists Adjourn.

Memphis, May 19.—After a two weeks' session the Colored Episcopal Methodist general conference adjourned. A committee will select next meeting place.

ACHESON FOR CHAIRMAN.

Said to Be in Close Relation With His Party Than Anyone.

Dallas, May 19.—"A new political boom has been launched here," says the Denison correspondent of the Times Herald. "The plan is to make Dr. Acheson state chairman of the Republican party. Dr. Acheson is in closer relation with his party at Washington than any Republican in Texas. He always gets what he goes after. In conjunction with his brother, Congressman Acheson, he was instrumental in Dr. Nagle securing the Denison postmastership. The Nagle matter was laid before the president and favorable action was the result. The Nagle matter was the first serious break in the Lyon party machine in Texas. It has encouraged other revolts, which are spreading. Dr. Acheson made the run for congress in this district a few years ago and polled a surprisingly large vote. People who know him intimately state he is the brainiest man in the Republican party in Texas. He enters active political life again, and his ambition will be to lead his party in the state.

"The confirmation of William Nagle as postmaster is regarded as a desire for a change of methods in the party, so as to secure better results. The Republican vote in Texas is annually getting smaller, dropping from 161,000 at McKinley's election to 51,000 in Roosevelt's, while more than 50,000 Republicans have moved into the state during intervals.

"Management of this character is disappointing. The party supporting the doctrines of the Republican platform ought to command 100,000 votes in Texas collected from the discontents of the opposing party alone, saying nothing of its influence exercised through officials dependent upon it, and too at a time when the prohibition question is threatening to divide the Democratic party. Yet the result has proven appointing power to be a detriment. The more postoffices established in Texas the faster the Republican vote diminishes.

"The leaders are aroused to the necessity of some action to prevent the party from dying out entirely in Texas, hence a departure from the old trail."

SUMMER NORMALS.

Texas Educational Department Gives Out Additional List.

Austin, May 19.—The state department of education has given out an additional list of summer normals to be recognized by the department. According to the list a summer normal will be held for white teachers at Waco June 19 and be conducted by J. M. Ferguson, and on June 12 for colored teachers, conducted by J. W. Bartlett.

During the summer of 1905 there were held in the state 105 summer normal institutes—sixty-two for white and forty-three for colored teachers. For the summer of 1906 the department of education has recognized 140—eighty for white and sixty for colored teachers.

Judge W. P. McLean, Fort Worth, speaking of anti-trust suits against the Fort Worth Livestock Exchange and others, said he did not believe Fort Worth would be badly crippled as a result. In the first place, the suits are not against packers. He thought the suits against commission firms will not hurt interests of Fort Worth very much.

SENSATION SPRUNG.

Action of the Rev. Red Causes Caldwell's Friends to Be Irate.

Fort Worth, May 19.—A special to the Telegram Saturday afternoon from Greenville, S. C., says Rev. W. S. Red of Hempstead, Tex., caused a sensation by giving to a morning newspaper an article of the Fort Worth Record, published in Rev. Caldwell's case. While the article was in defense of Caldwell, Rev. Bridwell of Atlanta, Caldwell's counsel, kicked big. He said the article was given out by Rev. Red for political purposes to put Caldwell in the light of seeking defense at the hands of newspapers. Great indignation has been expressed by Caldwell's counsel and friends in the Presbyterian assembly.

FOR FORECLOSURE.

Judgment Rendered Against Brazos Valley and Northern Railway.

Fort Worth, May 19.—In the Forty-eighth district court Saturday morning judgment was rendered against the Brazos Valley and Northern Railway company for foreclosures of bondholders' lien in the sum of \$236,000, following the petition of E. Kaufman and others. The Texas Trust and Savings bank is trustee. Owners of bonds are to participate in judgment upon relinquishing bonds and filing same marked "cancelled" in the records of this court. Plaintiff takes a non-suit without prejudice to present ownership of the bonds, and the receiver is appointed special commissioner to sell the property, place of sale to be Angleton, Brazoria county, Texas, for cash, to the highest bidder.

Goes to City of Mexico.

Washington, May 19.—Count Perrotti de la Rocca, who has been the guest of Ambassador Jusserand here, has left for the City of Mexico to act as charge in the absence of Mr. Blomdel, French minister to Mexico.

Drowned Crossing Ford.

Denison, May 19.—While attempting to cross the ford at Cherokee Crossing a man from near Gilliam, Ark., named Reed, driving a wagon, drowned.

Toured the Globe.

Bonham, Tex., May 19.—Rev. Allie Irick, who, with C. E. and John Roberts of Pilot Point, toured the globe in the interest of missions, is back.

Greatly Improved.

New York, May 19.—Mrs. Jefferson Davis was reported greatly improved Saturday morning.

RATE BILL IS PASSED

Foraker, Morgan and Pettus Cast the Negative Votes.

SEVENTY-DAY TALKS.

Measure Was Before the Senate That Period of Time and Fifty-Eight Was the Number of the Speeches Made.

Washington, May 19.—After seventy days of almost continuous deliberation the senate Friday afternoon at 4:53 o'clock passed the railroad rate bill by the vote of 71 to 3. The negative votes were cast by Senator Foraker, Republican, of Ohio, and Senators Morgan and Pettus, Democrats, of Alabama. There was an almost general sigh of relief among the senators. The bill has received more attention from the senate, and from the country at large, than any measure that has ever been before congress since the repeal of the purchasing clause of the Sherman act in 1893. It was reported to the senate on Feb. 26, and was made the unfinished business on March 12. From March 12 to May 4 the bill was under general discussion without limitation on the duration of speeches, fifty-eight of which were delivered.

For twelve days the bill has been under consideration under a rule limiting speeches to fifteen minutes each. The debate has at all times been earnest and animated, but for the most part devoid of personality between senators. The past few days, however, have called out some caustic criticisms of the president and of some newspaper correspondents by Senator Bailey.

In addition to passing the bill, the proceedings Friday consisted in concluding the consideration of the amendments, as such, and the delivery of a number of speeches on the bill. The only amendment adopted was the one offered Friday by Senator Teller, eliminating the words, "in its judgment," from the power to be given to the interstate commerce commission to fix rates.

SEVERAL PROTEST.

Do Not Want Revision of Articles of Faith Voted On.

Birmingham, Ala., May 19.—Bishop Duncan presided over the Southern Methodist conference Saturday.

A resolution signed by a number of lay delegates fixing the time of final adjournment at 11 o'clock Monday was tabled.

W. E. Williams of the Northwest Texas conference offered a protest against the action of the conference in voting for a committee to revise the articles of faith. It was signed by himself, Dr. H. M. Dubose, Dr. Frank Richardson of the Holston conference and others. There were calls for it not to be read, but go to the record, but several asked that it be read, and this was done. Discussion followed and finally a committee was named to make a reply to the protesters.

FRIGHTFUL FATE.

Charles Westlake Jumps From Cab and Is Instantly Killed.

Columbus, O., May 19.—Charles Westlake of Newark, O., a graduate of Kenyon college, plunged headlong out of the engine cab of the midnight express on the Baltimore and Ohio Southwestern and was instantly killed. After opening the door to fire up he saw some excited people flagging the train as it was rushing toward the bridge east of Cook's Station, near Washington Court House. The bridge was on fire and the train stopped just in time.

Articles of Agreement Committee.

Greenville, S. C., May 21.—Appointments were announced at Saturday morning's session of the Southern Presbyterian general assembly of the committee on articles of agreement. Among the members are: Arkansas, General B. W. Greene; Louisiana, Elder George Batallera; Texas, Rev. Joseph Johnston. Each synod has a representative on this committee.

To Establish Laboratory.

Washington, May 19.—Expert Oliver of the department of agriculture has returned from Brownsville, Tex., and made a favorable report on that section. On the strength of report already received Dr. Galloway, chief of the plant division, will send Professor Fairchild to Brownsville next month to establish a botanical laboratory.

Pope Has Gout.

Rome, May 19.—When Dr. Laponi visited the pope Saturday morning he found his patient in improved health, although the pontiff passed a somewhat restless night as the result of an attack of gout. Owing to slight rise in temperature Dr. Laponi ordered the pope to remain in bed for several days.

Condemned Man Escapes.

Jackson, Miss., May 19.—J. E. Reagan, a white man, condemned to death for the murder of Jason Moody and awaiting execution, set for Thursday, escaped from jail at Port Gibson by sawing the bars of his cell and using a duplicate key on the outer door.

Referred to Committee.

Greenville, S. C., May 19.—Southern Presbyterian assembly referred complaint of First Presbyterian church of Fort Worth against Texas synod and Fort Worth presbytery to judicial committee.

Left For Atlanta.

Birmingham, Ala., May 19.—Vice President Fairbanks and party left here Saturday morning for Atlanta.

Early Risers
THE FAMOUS LITTLE PILLS.
For quick relief from Biliousness, Sick Headache, Torpid Liver, Jaundice, Dizziness, and all troubles arising from an inactive or sluggish liver. DeWitt's Little Early Risers are unequalled. They act promptly and never gripe. They are so dainty that it is a pleasure to take them. One to two act as a mild laxative; two or four act as a pleasant and effective cathartic. They are purely vegetable and absolutely harmless. They tonic the liver.
